

Congress of the United States

Washington, DC 20515

March 13, 2026

Dear Chairman Cole and Ranking Member DeLauro:

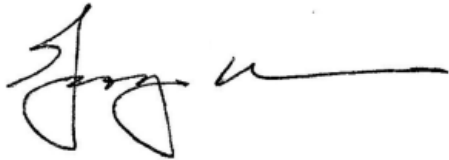

I am requesting funding for the Energy Resilience and Infrastructure Modernization Project in Fiscal Year 2027. The entity to receive funding for this project is the Santa Clarita Community College District, located at 26455 Rockwell Canyon Road, Santa Clarita, CA 91355.

The funding would be used to rehabilitate aging central plant equipment that supports campus energy operations, including replacement of obsolete boilers and chillers that are well beyond their expected useful life. The project would modernize critical mechanical infrastructure that is essential to maintaining safe, reliable, and functional learning and working environments across campus.

The project is an appropriate use of taxpayer funds because it addresses critical infrastructure needs for Santa Clarita students. The project has a federal nexus because the funding provided for the purposes of 23 USC 133(b).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

George Whitesides (CA27)
Member of Congress
