Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Palmdale Boulevard Hydrology and Feasibility Study (Little Rock Creek) in Fiscal Year 2027. The entity to receive funding for this project is the Los Angeles County Department of Public Works, located at 900 S. Fremont Ave, Alhambra, CA 91803.

The funding would help reduce area vulnerability to flooding and extreme weather impacts. The project is an appropriate use of taxpayer funds because it enhances emergency personnel access which will reduce the health and life damage of weather impacts in the area due to delays. The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

George Whitesides (CA27)
Member of Congress
